

KINDER POSTS

December 2011

When 2011 started for Manchester College—a leading institution of higher learning thriving in North Manchester, they already knew what will be under the 2012 Christmas Tree.

On the main campus, a completely renovated and state of the art education center. In Fort Wayne, a new School of Pharmacy rivaling any similar entity not only in Indiana, but the entire United States!

For the Spartans, Christmas has been almost a daily event throughout 2011 with groundbreaking, job progress, topping ceremonies, successful achievement of benchmarks, and a host of other platitudes and goals found in a successful and efficiently run construction project.

But with success came years of planning, aggressive fundraising, focused leadership...and a side-by-side partnership with Design-Builder Michael Kinder & Sons.

But Manchester isn't the only MKS partner seeing success. Our friends at Turnstone will be opening their new "Madge Rothschild Pediatric Therapy Wing" in 2012. This interactive center for children with disabilities will become a visible cornerstone for the ever-expanding Turnstone campus...a testament to the excellent work that takes place every day by the many dedicated and talented professionals.

Each of these have a vision for the future, and an enduring partnership that utilizes the Michael Kinder & Sons Project Development & Construction Technique.

What will be under YOUR Christmas Tree for 2012? Is this the year you step in front of your competition with a new or renovated facility? In five or ten years, will you look back to 2012 as a year you moved ahead?

A favorite quote of mine which provides constant guidance is:

"Communities (people & organizations included) cannot be judged by where they've been, they are only truly judged by where they are going!"

When Santa delivers the keys in 2012, will your organization or company be one of those opening a door to a future of opportunity?

Helping you get where you are going, with the highest quality building possible...the MKS way to Design-Build.

"Christmas gift suggestions: To your enemy, forgiveness. To an opponent, tolerance. To a friend, your heart. To a customer, service. To all, charity. To every child, a good example. To yourself, respect."

The Madge Rothschild Pediatric Therapy Wing
Turnstone Center, Fort Wayne

What Present Will You Open in 2012?

DESIGN-BUILDER • GENERAL CONTRACTOR • CONSTRUCTION MANAGER
